

WINDS@Antilles 2008

**Reflections, conclusions  
and a committment:  
*restons connetés.***

Fabio Nascimbeni  
MENON Network  
WINDS-Caribe project

- BEFORE THE CONFERENCE
  - Identification of the main research actors
  - Mapping of the main research themes
  - Activation of some stakeholders (Mission May 08)
- DURING THE CONFERENCE
  - Information sharing
  - Face to face engagement of the research actors
  - Validation of the research themes
  - Identification of possible collaboration project/research ideas
- AFTER THE CONFERENCE
  - Make sure the actors are “fiched” and promoted -> Database
  - Follow up the discussions and the brokerage -> Community
  - Direct support -> Helpdesk

- Projects discussion seminar this afternoon
- Make sure you are "fiched" and promoted -> [Database](#)
- Follow up the discussions and the brokerage -> [Community](#)
- Direct support -> Helpdesk

- Excellent research capacities exist in the sub-region (Ateliers)
- Policy interest is high (Pancrate)
- Interest from different stakeholders & from different French speaking regions & countries(participation)
- Sensitivity towards basic research and applied research (R. Noel)
- Recognition of the special position of Martinique, Guadeloupe, Guyane (Europe in the Caribbean)
- Confirmation of RIVELO (in partnership with UAG) as an "articulator" capable of animating the sub-region
- Clear follow up strategy & tools in place

- RIVELO
- UAG
- Prefecture de la Martinique
- European Commission
- WINDS-Caribe Project partners
- Speakers & moderators
- Participants

**SEE YOU LATER!**
